Module Code: HLLP5011 (2021/2 CFS SEM2 FFF1)

Module Title: Advanced Research Design

Tutor: Joseph McCann

Title of the item of work: Portfolio

Wordage: 3000 words

Details and Criteria: (Please attach additional sheets if necessary)

To improve on original submissions (the assessment briefs below can also be found under the assessment tab on Blackboard).

Assignment 1 Brief: Research funding proposal presentation (10 minutes, plus 5 minutes for questions)

For this assignment, you will be assessed on the following intended learning outcomes:

1. Explain and critically evaluate a range of qualitative, quantitative, and mixed method research designs.
2. Design and critically evaluate a small range of research projects.
3. Produce and present hypothetical research funding proposal.

Summative assessment: Research funding proposal presentation (10 minutes, plus 5 minutes for questions).

Weighting: 40%

This assignment will involve you applying for hypothetical research funding. You will be given information about a research funding call, which will tell you what research projects can and cannot be funded and the funder's priorities (see attached). Your research funding proposal presentation will need to:

- Outline the proposed project (aims and goals).
- Explain why the research is important (research rationale).
- Critically justify the research design (activities and timeline).

- Outline the applicants experience and qualifications.
- Include a plan for evaluating the proposed research.
- Include a budget- Full Economic Costing (fEC) plus justification - with reference to research design.
- Include a summary/conclusion.
- Include a reference list.

Your research funding proposal will need to be supported using relevant, contemporary literature and critical arguments.

Assignment 3 Brief: Conference style poster presentation

For this assignment, you will be assessed on the following intended learning outcomes:

1. Design and critically evaluate a small range of research projects.
4. Present experimental research using a small range of media (e.g., report, poster, presentation).

Summative assessment: Conference style poster presentation

Weighting: 30%

For this assignment, you are required to produce a conference style poster, which reports on one of the studies that you have designed and conducted during the HLLP5011 Advanced Research Design module. Your poster should include:

- Introduction.
- Method.
- Results.
- Discussion.
- Conclusion.
- References.

Please note, you cannot begin data collection for any research study until ethical approval has been granted to begin data collection. Further information, support, and guidance will be given during the module.
