Tutor:	Rachael Dyer (Stephen Mullen – module leader)
Title of the item of work: Assessment 1 - Project Planning Software	
The reassessment represents 50% of module marks.	
Details and Criteria:	
Intended Learning Outcomes (ILOs)	
The knowledge to be able to:	
<ol style="list-style-type: none"> 1. Apply the concepts of project planning 2. Demonstrate an understanding of project scope and how it should be managed 3. Develop a workable schedule for a simple project 	
Task Description	
Practical Assessment (2 hour time-constrained Bb test.)	
The Assignment Brief will be made available to you in your Bb module Assessment area.	
Using the information provided in the Assignment Brief, construct a project plan then answer the test questions directly into Bb.	
You should firstly work through the Brief to construct your project plan. Once you have constructed the project plan you can begin to answer the questions. After completing the first block of questions you will be prompted to upload a saved file of your plan. Once uploaded, do a “save-as” to create a second version of your plan and then continue with the test. If you make further changes to your project you will have an opportunity to upload the revised plan in the final stage of the test.	
Note: Please be aware of the points values for each question, some questions are more challenging and attract more marks. In total there are 100 marks available for this test. This test will auto-submit 2 hours after you begin.	
Please contact your class tutor rachael.dyer@cumbria.ac.uk for this module in the first instance, or the module leader stephen.mullen@cumbria.ac.uk if the tutor cannot be reached to arrange specific timings for the test.	

The re-assessment must be completion by 2359hrs on 12th August.
