Module Code:
SNOL 5207

Module Title: Outdoor Leadership Theory & Practice 2

Tutor: Lisa Fenton

Title of the item of work: Presentation

Wordage: 1500

Details and Criteria:

Your reassessment is a **reworking** of the original assessment brief (see next page for the full brief). However, rather than your resubmission being a spoken presentation to an audience, you are asked to submit slides with equivocal wordage/narrative in the 'notes' section of the PP, or you may record audio onto the power point.

- If you did not submit anything for the original submission you should follow the brief and complete all sections of the report.
- If you did submit, but failed, you should re-read the brief, and read your feedback carefully in Turnitin. Then re-work your original submission in response to the feedback.

SUBMISSION DATE AS PER STUDENT PORTAL AND ACADEMIC TRANSCRIPT

To be submitted by **4.00pm** on **12/08/2022** through Turnitin

Assessment 2 – Oral Presentation

Learning Outcome 3:

3. Recognise and identify the factors which promote or restrict outdoor activity participation in contemporary settings

Task:

This assessment will require you to work in your travelling groups to prepare and deliver a 12-minute oral presentation. The main objective of the presentation is to provide us with a critical analysis of your journey to Shetland, considering factors which promoted or restricted how you participated in your journey. You need to consider contemporary concepts and setting. For example, ideas of slow adventure, micro adventures and climate-considered outdoor journeys, economics, environment, access/accessibility, social/political aspects and pandemics. Please link your own journey with critical analysis of the academic discourse in these wider fields of enquiry.

You may consider how these concepts applied to your journey. You may consider how you overcame these. You may consider what you gained from the experience. You may consider what you have learned from this for your future as an outdoor leader.

Assessment Criteria:
