Why does this community group require professional support? Cite the sources you have used. Use social theory to explain how the professionals interact with the community group to support and meet their needs – What social theory could be applied? How does this theory explain the professional response and/or professional

understanding as to why this social issue occurs? (Remember to go back to the social theory folder if you need a re-cap on suggested types of social theories). Cite the sources you have used.

NOTE: For each guest speaker there must be a different social theory used. Therefore, once the assessment is completed, there will be a minimum of three different social theories applied.
