

Get ATbar (Install method)

There are a number of options for downloading and installing ATbar. All of the following options are available from: <https://www.atbar.org/download>

Google Chrome

There is a dedicated Google Chrome Extension. The button links to the Chrome Store one-click installation page.

A blue rectangular button with rounded corners containing the text "ATbar for Chrome" in white.

ATbar Lite

ATbar Lite has been covered in the "Easy Method".

A blue rectangular button with rounded corners containing the text "ATbar Lite" in white.

Windows Download

Download and install to your computer or make it portable on your pendrive.

A blue rectangular button with rounded corners containing the text "ATbar for Windows" in white.

Marketplace

The Marketplace allows you to build your own toolbar; by choosing which functions to include.

An orange rectangular button with rounded corners containing the text "Marketplace" in white.

ATbar for Chrome

1. Go to <https://www.atbar.org/download>
2. Click on the blue [ATbar for Chrome] button (you will be directed to the Chrome App Store).
3. Click on the blue [+ FREE] button on the Google Store page.
4. Use ATbar on any web page.

ATbar Lite

See the Get ATbar Lite (Easy method).

ATbar for Windows (Download)

There are two options for installing on Windows Computers:

- a) **Download ATbar Desktop** - Install and use directly on your PC.
- b) **Download ATbar Desktop Portable** - Install on a pendrive and use on any Windows XP, 7 or 8 computer.

Download ATbar Desktop

1. Visit <https://www.atbar.org/desktop-atbar-pc>
2. Click on the blue [Download ATbar Desktop] button; to start the download.
3. The downloaded file is in the .zip format and is called desktop.zip:
 - Right-click on the *desktop.zip* file and select *Extract all...*
 - Select a location to Unzip to (Your Desktop is good - so you can find the file)
4. The downloaded and extracted file is *AccessibilityToolbarSetup.msi* o Double-click on this file to install the ATbar on your computer.
5. Allow Windows to complete the installation and ATbar is now ready to use in Internet Explorer.
6. Depending on your security settings – Atbar may also be available in Firefox, Chrome and other browsers.

Download ATbar Desktop Portable

1. Visit <https://www.atbar.org/desktop-atbar-pc>
2. Click on the blue [Download ATbar Desktop Portable Version] button; to start the download.
3. The downloaded file is in the .zip format and is called desktop-portable.zip:
 - Right-click on the *desktop-portable.zip* file and select *Extract all...*
 - Select a location to Unzip to (Your Desktop is good - so you can find the contents)
4. The downloaded and extracted content is in the form of two folders:
 - _MACOSX is for Mac users and can be deleted by Windows users
 - Accessibility Toolbar is the Windows Version
5. Open the Accessibility Toolbar folder and double-click on ATbar-Desktop.exe to run ATbar
6. You can drag this main Accessibility Toolbar folder onto your Pendrive (or other portable storage device) and run the ATbar-Desktop.exe on any Windows computer that you plug it into.

Note: You may receive a warning when trying to download the Portable Version. This is OK - simply accept the download.

desktop-portable.zip is not commonly downloaded and could be dangerous.

Marketplace

The Marketplace allows you to create your own custom ATbar – choosing which functions that you want to include in your own personal version.

1. Go to <http://marketplace.atbar.org/en/auth/register>
2. Register for an ATbar account.
3. Go to <http://marketplace.atbar.org/en/plugins> to select functions for your ATbar.
4. Click on the green [Install] button for every function that you want to add.
5. When you are finished - Enter a name for your ATbar and click on the blue [Save] button.
6. Download and install in the same way as the Windows installations (above).

Note: The screen Colour Overlay is NOT available from the Marketplace, but some additional tools are included.
