

HOW TO PRINT FROM A UOC WINDOWS PC OR LAPTOP

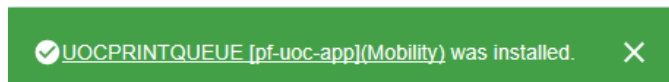

Each time you log on to a Windows 11 device, the **PaperCut window** will show. If you want to print you need to click '**Sign in with Microsoft**'

On the syncing window that pops up, click '**Got it**'

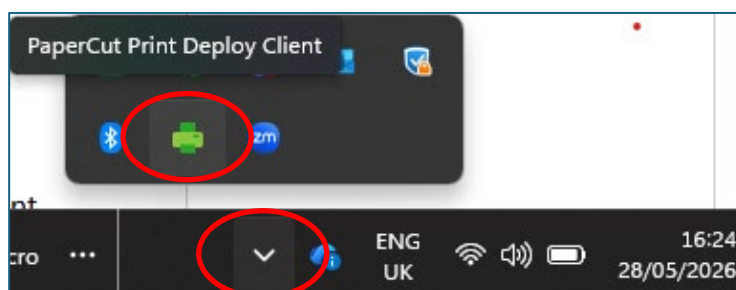

The print queue will then show as installed

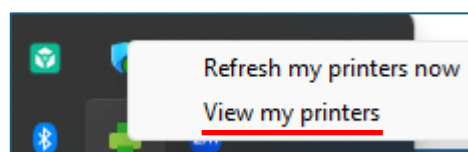

When printing select **UOCPRINTQUEUE** from the printer list

Alternatively, if you missed the PaperCut window, click the arrow located bottom right of the screen and select '**PaperCut Print Deploy Client**'

Select '**View my printers**'

log in with your UoC details to enable printing on that device
