

# Reading through the Levels

## Level 4

Read a selection of texts to develop subject knowledge. Mainly books but start to explore articles

## Level 6

Analyse and evaluate texts more deeply. Question validity. Identify gaps. Much more reading particularly articles.

## Level 7

Use comprehensive reading to help develop new perspectives in combination with practice

## Level 3

Finding information about a subject from relevant texts

## Level 5

Read to compare and contrast a range of perspectives in the literature. Increase use of articles.
