

# DELAYED STUDENT FUNDING

If you have applied for your student funding but have not yet received any money, then follow these steps:

The university can only confirm your registration if you have no outstanding clearance checks. If there is anything outstanding this could cause a delay to the university being able to confirm your registration.

If you have checked with Admissions and/or the Programme Administration Department and you have been fully registered for at least 5 working days but you still have not received your funding contact your Funding Organisation and check the progress of your payments.

If after 10 working days you have still not been advised of a payment date (by following up contact with your funding organisation) seek additional support from the [Money Advice Team](#) you can apply for an interest free short-term emergency loan here: <https://www.cumbria.ac.uk/study/student-finance/support-funds/>

## Contacting the Money Advice Team

Please ensure you check our online self-solution advice [here](#) which includes free resources and answers to many frequently asked questions before contacting a Money Adviser.

For further queries or to book an appointment, please complete our Student Enquiry Point online referral form [here](#).
